- ♦ **2nd Public Review (ISC) of BSR/ASHRAE/ASHE Addendum g to ANSI/ASHRAE/ASHE Standard 189.3-2021, *Design, Construction, and Operation of Sustainable High-Performance Health Care Facilities***

This proposed addendum adds sterilization, cart wash, food service, and humidification to not rely on combustion of on-site fossil fuels for normal operations. This change reflects the growing trend to electrify buildings and clarifies the energy source of the operation by adding 'on-site fossil fuel'.
